To Whom it May Concern:

We had the opportunity to work on several projects simultaneously with Tim Reiling of Print Magic in December 2010. The projects were diverse in nature and purpose, but Tim came through in each and every one.

By spending time with me understanding our objective, Tim was able to make excellent suggestions to make our vision come to life. One of the projects was a unique item that Tim had to research the best materials and process. We were so delighted with the results – as was the vendor we worked with on the other part!

One of the items Tim made for us was logo embroidered polo shirts. We have had these done by several different vendors in the last year. The shirts Tim provided us with were of the highest quality for the best price we have had. And while our other shirts were one color logos – Tim did all of this in a two color log! Great value!

I highly recommend Tim and Print Magic to any business that wants a partner in its specialty marketing items. Tim has the experience to help you find the right product at the right price. And he always delivers fantastic service!

Sincerely,
